

BLR Partners with DICT on the Conduct of Webinar Series

The Bureau of Labor Relations (BLR), in coordination with the Department of Information and Communications Technology (DICT), organize a series of webinar for DOLE employees, specifically the National and Regional Focal Persons of the Labor and Employment Education Services (LEES) and Tripartism and Social Dialogue Programs of the Department.

On 27 July 2020, the DICT Luzon Cluster 3 conducted a Webinar on Video Conferencing Platforms and Etiquette. The webinar aims to help the participants to be familiarized with the different useful video conferencing platforms that may be utilized to facilitate online meeting, teaching, and collaboration. Moreover, the session tackles the DO's and DON'Ts of the participants when attending online meetings.

Almost one hundred twenty (120) employees from the national and regional offices attended the webinar. It is aimed at enhancing the skills of the employees in performing their duties and responsibilities towards efficient and effective delivery of services to the public given the current situation.

The next learning sessions will be held on 31 July 2020 and 14 August 2020 with topics on Introduction to Philippine National Public Key Infrastructure (PNPKI) and Google Suites for Education.
